RE: Colorado Authorizer Meeting at NACSA Conference

11 Attachments, 219 KB

Courtney,

Thank you for your effort. Let's go with Lunch on Wednesday, and if either Alex or Parker can stop by, great. Otherwise, the only other required key partner I would want there is one or two folks from the Colorado League of Charter Schools.

Let me know when you have the Wednesday lunch confirmed, and have a draft of a promotion to go out.

Many thanks,

Gina

Hi Gina,

I don't want to leave you hanging on this. I've tried connecting with Alex on a time that he is available, but I've yet to be successful

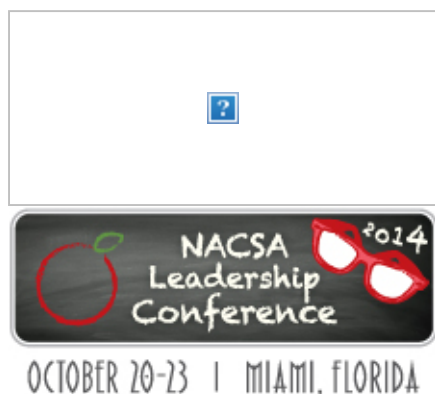

on it. My best recommendation is Tuesday or Wednesday after sessions conclude. I can reserve a space for you, if you like. I could also see about reserving a lunch table for the group on Tuesday. We have a number of lunch meetings taking place in a semi-private room. Or, we can try a breakfast meeting on Tuesday or Wednesday. Breakfast and lunch would be grab-and-go.

I unfortunately can't share with you the names of our attendees (we have a strict privacy policy regarding our attendee list—my apologies for the inconvenience!), but I'm happy to draft and send out a promotion on behalf of the department. The following organizations are registered to attend from Colorado: Brighton Schools, Colorado DOE, Colorado League of Charter Schools, Colorado Charter School Institute, Denver Public Schools, Aurora Public Schools, Douglas County, and Falcon School District—18 individuals total.

Please let me know your thoughts!

Best,

Courtney

Subject: RE: Colorado Authorizer Meeting at NACSA Conference

Hi Courtney,

Apologies for not following-up. We have 3 times the number of federal CSP grant applicants this fall and I've been swamped.

We would like to have some sort of Colorado-specific coffee/happy-hour/etc. We don't have any specific budget to put toward it, but if you need I can see if we can scrape up some money to cover beverages. We would like the opportunity to network and brainstorm on a Colorado strategy to address emerging federal authorizer quality priorities for CSP grant recipient states. Alex

Medler is familiar with our context, and so it would maybe be great if he could make it.

Thanks for your help on this. We really appreciate it.

If I can find out who from Colorado is attending the conference, I can personally reach out to them to make sure they put the Colorado mtg on their agenda.

Thanks,

Gina

Hi Gina,

We are working to finalize our conference schedule and I wanted to confirm your interest in having a meeting of Colorado authorizers at the NACSA conference. Please let me know and I'll find a spot for it. My schedule is quite full, so I probably won't be able to represent NACSA, but I will most definitely find someone who can represent us in my place.

Thank you!
