

COPY TO PRIME MINISTER'S DEPARTMENT - For information  
=====

Extract from letter to Sir Eric Harrison from Prime Minister dated 28th November, 1959.

I thought that you handled the matter of Eric White very well. As you know, I have no particular enthusiasm for him. He is not always tactful, but he does appear to have made a very considerable success of his own business.

I think, with you, that we much be largely guided, so far as trade promotion is concerned, by the Department.
